

Enhancing business agility with SAP on AWS cloud.

UACJ (Thailand) Co., Ltd.

UACJ (Thailand) Co., Ltd is a wholly owned subsidiary of UACJ Corporation, one of the top aluminium manufacturers in the world. The company provides rolled aluminium products primarily for automobiles, beverage cans and electrical components. In total, UACJ (Thailand) Co., Ltd supplies around 320,000 tons of aluminium every year.

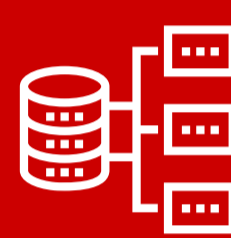

Challenge.

Replace on-premise hardware that lacked flexibility & impeded the company's ability to scale

Ensure new business-critical SAP system meets evolving business requirements.

Limited IT resources for 24x7 monitoring and management of SAP infrastructure.

“Our environment was becoming increasingly difficult to manage and offered little flexibility. Hitachi Vantara helped us implement the SAP system on AWS and ensured our integration with third-party tools worked smoothly, while avoiding any disruption to the business. Our new environment allows us to scale and increases business continuity, speed, and agility.”

Fukami Kohsuke, Senior Manager, UACJ (Thailand) Co., Ltd

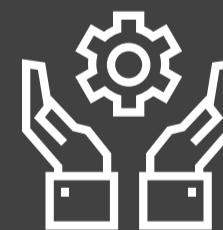

Solution.

Cloud Modernization for SAP Environment

Infrastructure design for SAP environment, including integration with legacy third-party applications.

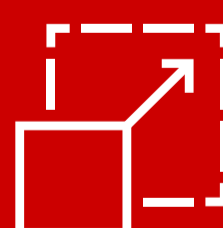

Infrastructure provisioning and managed services support.

Outcome.

Improved system availability.

Greater scalability to support business agility and growth.

Reduced burden on IT management.
